

New Puppy??

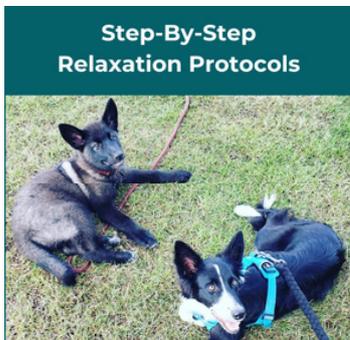

Below are some free resources and key training games and concepts. If you have any questions, please reach out. Enjoy!

Free Puppy FB Group

This group has over 50 free lessons. Look for the “Guides” tab! You will find a discussion about addressing a bitey nippy puppy, potty training, appropriate toy play, recall and starting life skills like basic obedience and loose leash walking.

Relaxation Protocol

This is a foundation Game for any puppy or new dog in order to have peace around mealtimes, when you have friends over, or to take your pup to a patio or other public space.

The RP should be practiced with your puppy on a bed, in a crate, and behind a baby gate.

It is the foundation for a dog who feels comfortable being contained and as a preventative for separation anxiety.

Self Control Games

Self Control around food is an important skill for all dogs. This link is for an old challenge, so the FB group is no longer active, but the explanations and videos are still relevant.

Puppy Series

This podcast series is specifically about puppies!(episodes 25-34):

Recall Tips

I have several podcast episodes dedicated to recall. Give them a listen!

Normal vs Abnormal Puppy Behaviour

We get asked the same questions a lot, so we made a small 10-part series!
